Subject: Permit to Commence Small Mine Activities, Gold Rush Metals; Fraction Load, Fraction Load 2, and Tuolumene Mines; S/045/0093; Tooele County, Utah

Dear Mr. Rush:

The Division of Oil, Gas and Mining finds your Notice of Intention to Commence Small Mining Operations (Notice) complete and approves the reclamation surety for the Fraction Lode mine. The surety is escalated until 2019. You are now permitted to conduct mining activities as outlined in the Notice provided you have approval from all other appropriate agencies. The approval or acceptance of a complete notice of intention does not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations.

This approval and all disturbance is limited to private land.

Enclosed please find a copy of the reclamation contract and stamped approved Notice. Please keep in mind the following regulatory requirements:

- Stockpiling topsoil material prior to beginning activities will help ensure successful revegetation. Even the first few inches of undeveloped material is worth saving to aid in later revegetation efforts, and future regulatory surety release.
- Please notify this office and the Division of State History if you encounter any archaeological or historical items.
- Permit fees and annual reports are due by January 31st.

The Division's web page at <http://ogm.utah.gov> under the Minerals Program has a link to the rules under which you are expected to operate and to other information to assist you in complying with program requirements. Thank you for your cooperation. In reply, please refer to file number S/045/0093. Please contact Leslie Heppler at 801-538-5257 or Paul Baker at 801-538-5261 if you have questions or concerns regarding this approval.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dana Dean', with a long horizontal flourish extending to the right.

Dana Dean, P.E.
Associate Director, Mining
